Teacher Comment

Adejumo Esther has demonstrated consistent attendance throughout the term, achieving a perfect attendance record of 100%. However, her quiz average of 17.33 indicates that she has struggled with the material covered in class. It is important for her to engage more actively with the course content and seek assistance when needed. As she progresses, I encourage her to participate in class discussions and collaborate with peers to enhance her understanding. While she has not yet completed any assignments or earned badges or certificates, I believe that with focused effort, she can improve her performance significantly in the next term.
