Teacher Comment

Akinwumiju has shown some engagement in the course, but attendance has been a significant challenge, with only 25% participation. This has impacted his overall learning experience and achievement. His quiz average of 41.33% indicates that there are areas where he needs to improve his understanding of the material. I encourage Akinwumiju to seek help and make a stronger effort to attend classes regularly, as this will greatly enhance his learning and performance. It is important for him to complete assignments to gain a better grasp of the subject matter.

Strengths

Areas for Improvement

- Increase attendance to improve understanding and performance.
- Focus on completing assignments to boost learning and grades.
- Seek assistance when struggling with course material.

Goals Next Term

- Aim for at least 75% attendance to enhance participation.
- Work towards a quiz average of 60% by studying consistently.
- Complete all assignments on time to improve overall grade.
