Teacher Comment

Amadi has shown remarkable commitment to attending every class, achieving a perfect attendance record of 100%. However, his current performance indicates that he has faced challenges in engaging with the course material. With an average quiz score of 14.67 and no completed assignments, there is a significant opportunity for improvement. It is important for Amadi to focus on participating more actively in class discussions and completing assignments to enhance his understanding and skills in the subject. I encourage him to seek help when needed and to take advantage of available resources to boost his confidence and performance.
