Teacher Comment

Echia Vanessa has shown remarkable attendance this term, maintaining a perfect record with 100%. However, her overall course progress is currently at 20%, which indicates that there are significant areas for improvement. Echia has not yet engaged with the quizzes or assignments, resulting in a low quiz average and no assignments submitted. It is essential for her to participate actively in class activities to enhance her understanding and performance. I encourage Echia to seek help and engage more with the learning materials in the upcoming term.
