Teacher Comment

Oyefusi has shown potential this term, but there are significant areas that need improvement. Attendance at 75% indicates a need for more consistent engagement in class activities. The quiz average of 14 suggests that further study and participation could greatly enhance understanding of the material. There have been no assignments submitted, which is a major concern for overall progress. I encourage Oyefusi to take advantage of the available resources and seek help when needed. With dedication and effort, I believe there is a path to improvement in the next term.

Strengths

Areas for Improvement

- Increase attendance to improve engagement and learning.
- Focus on studying and preparing for quizzes to raise the average score.
- Submit assignments to demonstrate understanding and progress.

Goals Next Term

- Achieve at least 85% attendance.
- Raise quiz average to a minimum of 50%.
- Submit at least one assignment each week.
